Bengaluru, Karnataka, India

EXPERIENCE

- **Wells Fargo** Aug 2022 - Present
Software Engineer Bengaluru, India
 - Developed enterprise-grade full-stack features in Spring Boot, React/Angular.
 - Optimized REST microservices, reducing response time by 20% and improving throughput by 15%.
 - Built Kafka-based distributed pipelines improving reliability by 20%.
 - Reduced production incidents by 15% via debugging and RCA.
 - Automated CI/CD workflows reducing deployment time by 25%.
 - Improved code quality through reviews, reducing regressions by 10%.
- **Nagarro** Jan 2022 - Jul 2022
Associate Software Engineer Remote
 - Developed scalable and efficient applications using Python
 - Built web applications with Python framework Flask.
 - Optimized code efficiency and maintainability through best practices.
 - Gained proficiency in Python frameworks to streamline development.

SKILLS

- **Programming Languages:** Java, Python, TypeScript, JavaScript, SQL, C++, Golang, Dart, C++
- **Backend:** Spring Boot, REST APIs, Microservices, Kafka, Django, Flask
- **Frontend:** React, Angular, HTML, CSS, Flutter, nextjs
- **Infra:** Docker, Kubernetes, Jenkins, Linux/Unix
- **Core Strengths:** Distributed Systems, System Design, Accessibility (WCAG), Debugging, Algorithms
- **Other Skills:** Git, Pytorch, Hugging Face, Tensorflow

PROJECTS

- **Global Payment Orchestration** 
Tools: [Java | Spring Boot | Kafka | PostgreSQL | Microservices]
 - Designed a distributed system for global payment routing, retries, and failure scenarios across providers
 - Implemented services for transaction orchestration, validation, audit logging, and event publishing.
 - Demonstrates strong knowledge of distributed systems & event-driven architecture.
- **Path-Finding Visualizer** 
Tools: [React | Algorithms]
 - Visualized algorithms like Dijkstra, BFS, DFS, graph traversal, and heuristics.
 - Implemented interactive grid rendering with animations and algorithm step simulation.
 - Highlights strength in algorithms, data structures, and UI architecture.

CERTIFICATIONS

- **Google Cloud Digital Leader**
- **Advanced Retrieval for AI with Chroma**

EDUCATION

- **ABES Engineering College** 2018 - 2022
Bachelors in Computer Science Ghaziabad, India
